LUXURY WEDDING PHOTOGRAPHY FROM THE HEART OF HAMPSHIRE

Welcome and congratulations on your engagement!

I'm a tea addicted wedding photographer based in Hampshire, capturing weddings for couples across the UK and Europe.

My approach is relaxed and documentary led focusing on the real moments, the emotion, and all the quiet in between parts of the day that often mean the most. With a background in editorial photography, I bring a gentle artistic eye without ever taking you out of the moment.

The aim is simple: photographs that feel natural, timeless, and genuinely like you.

For a limited time, full day package bookings confirmed by 8th May 2026 will include 50 6×4 prints.

Feel free to get in touch, it would be great to chat further!
